

AWI Chicago Chapter 2019 Project Spotlight

Celebrate with your fellow Chicago Chapter members as we close out 2019 in style. This will be our final program of the year, and we will be highlighting exciting millwork projects recently completed by AWI Chicago Chapter Members.

The event will be held at Maggiano's Little Italy located at The Streets of Woodfield. It is a semi-upscale chain for classic Italian-American cuisine. The food is freshly prepared influenced by decades-old recipes and cooking techniques and served family-style in a relaxed, polished space.
